

RA10 ANSI 150/300

Self-acting pressure reducers

Single seat self-acting pressure reducers for steam, water, air and other types of non-hazardous fluids (Group 2 Directive 2014/68/EU)

Equipped with balancing bellows and a large section driven plug, they allow an accurate regulation in any process condition.

Adjustment of the calibration range is extremely simple as it can be carried out with a common spanner wrench without the aid of special tools.

The "Quick-change" actuator makes the reducer setting range extremely fast even if already mounted on the plant.

Safety Integrity Level
IEC EN 61508 - TÜV

- ◆ From 1/2" to 4" ANSI 150/300
- ◆ Modular design
- ◆ "Top Guide" construction to ensure plug stability
- ◆ "Quick-change" actuator
- ◆ Seat/plug leakage: metallic (std.) or soft PTFE (on request)
- ◆ Available in: Spheroidal cast iron, Carbon steel and Stainless steel

1. Body valve
2. Plug
3. Seat
4. Spring
5. Pressure regulation ring
6. Compensation bellows
7. "Quick-change" actuator
8. Diaphragm actuator
9. Bonnet (not in contact with the fluid)

REDUCER BODY CHARACTERISTICS

Type	Top entry, single seat, globe valve
Sizes	from 1/2" to 4"
Pressure rating	ANSI Classe 150 / 300
Design std.	ANSI B16.34
Flange connection	ANSI B16.5 - Raised Face - Phonographic
Face to face dimensions	ANSI / ISA 75.08.01

REDUCER BODY PROJECT CONDITIONS

	ANSI 150	ANSI 300
Maximum upstream pressure	20 bar	25 bar
Maximum downstream pressure	See actuator	See actuator
Minimum downstream pressure	See actuator	See actuator
Maximum temperature with metallic seat	300°C	300°C
Maximum temperature with soft seat	200°C	200°C
Maximum reduction ratio	10:1	10:1

WATER SEAL POT

For the protection of the actuator diaphragm, when used with steam, the reducer must be installed with water seal pot "SP40" placed on the downstream pressure signal connected to the actuator.

1. Upstream block valve
2. Upstream pressure gauge
3. RD10 pressure reducer
4. Reduced pressure pipe
5. Safety valve
6. Reducer pressure gauge
7. Downstream block valve
8. SP40 water seal pot
9. Filling pot
